

CHRYSLER B23AA: IMPLAUSIBLE DATA RECEIVED FROM RAIN SENSOR

OVERVIEW

Severity	:	Medium
DIY Difficulty Level	:	Intermediate
Repair Cost	:	\$50-\$200
Can I Still Drive?	:	Yes

What Does The Chrysler B23AA Code Mean?

The Body Control Module (BCM) is the Local Interconnect Network (LIN) master for the Light Rain Sensing Module (LRSM). The LRSM performs an internal self test and reports the information to the BCM. The repair of this fault condition does not involve any external circuitry and centers on verifying the integrity of the internal circuitry and software validity.

What Are The Potential Causes Of The Chrysler B23AA Code?

- Light rain sensing module (LRSM) not configured to vehicle
- Light rain sensing module (LRSM)
