|                      |   |                                    |
|----------------------|---|------------------------------------|
| Severity             | : | <div><div>Medium</div></div>       |
| DIY Difficulty Level | : | <div><div>Intermediate</div></div> |
| Repair Cost          | : | \$50-\$350                         |
| Can I Still Drive?   | : | Yes                                |

### What Does The Dodge B11D3 Code Mean?

The A/C Heater Control receives a BUS message from the Powertrain Control Module (PCM) that the compressor is not engaged when it is requested.

### What Are The Potential Causes Of The Dodge B11D3 Code?

- Loss of communication with the PCM or multiple bus problems
- A/c heater control
