HYUNDAI C2130: BRAKE LAMP RELAY ERROR		
		OVERVIEW
Severity	:	Medium
DIY Difficulty Level	:	Intermediate
•		
Repair Cost	:	\$75-\$200
Can I Still Drive?	:	Yes (Short-term only)

What Does The Hyundai C2130 Code Mean?

The HECU monitors the brake lamp relay (DBC relay) for normal operation. If there is an open or a short in the relay circuit, this DTC is set.

What Are The Potential Causes Of The Hyundai C2130 Code?

- Open or short in the brake lamp relay(DBC relay) circuit
- Faulty brake lamp relay(DBC relay)
